FREE R.A.C.E.-approved LAFEBERVET webinar **Basic Wildlife Rehabilitation Triage**

Presenter: [Renée Schott](#), DVM, CWR
Sunday, **May 5, 2019** - 2 pm EDT (UTC-0:400)

Renée Schott, DVM will present this live, interactive, webinar, R.A.C.E.-approved for 1 hour of continuing education. Dr. Schott is a staff veterinarian at the Wildlife Rehabilitation Center of Minnesota, one of the largest rehabilitation centers in the United States. This interactive, case-based presentation aims to cover the basics while also offering helpful tips, tricks, and insights for the experienced rehabilitator or veterinarian. Topics covered will include wildlife rehabilitation fundamentals, emergency triage as it applies to wildlife care, and guidelines used to assess patient condition and determine the most humane treatment plan.

Lecture topics will include:

- Wildlife rehabilitation fundamentals
- Triage
 - Definitions
 - Applying triage to wildlife
 - Case examples
- Patient assessment
 - Case examples
 - Euthanasia vs. rehabilitation

Registration opens April 11, 2019

*This program 776-36251 is approved by the AAVSB RACE to offer a total of 1.00 CE credits to any one veterinarian: and/or 1.00 veterinary technician CE credit. This RACE approval is for Category Two: Non-Scientific-Clinical using the delivery method of Interactive-Distance/Non-Interactive-Distance. This approval is valid in jurisdictions which recognize AAVSB RACE; however, participants are responsible for ascertaining each board's CE requirements. RACE does not "accredit" or "endorse" or "certify" any program or person, nor does RACE approval validate the content of the program.

About LafeberVet

LafeberVet is an ever-growing online library of exotic animal medicine videos, articles, client education material, forms, questionnaires, and much more. Provided by Lafeber Company, LafeberVet is for use by veterinarians, veterinary nurses, wildlife rehabilitators, students in these fields, as well as allied professionals. Access to much of LafeberVet's content is restricted however, registration is free.

About Lafeber Company

Lafeber Company was built by a father-son team of veterinarians with a shared love of animals and a special passion for birds. Dr. T.J. Lafeber developed the very first commercial bird food pellets in the back room of his veterinary clinic in the early 1970's. Today, our exotic animal diets and critical care formulas are developed by his son, Dr. Ted Lafeber, III along with top veterinarians and nutritionists. An independent laboratory tests every diet to insure optimum pet health. Lafeber Company also consults leading experts in behavior so that our diets promote dietary enrichment.
