FREE R.A.C.E-Approved LafeberVet Webinar*

[Clinical Avian Nutrition for Veterinary Health Professionals](#)

Presenter: [Susan Orosz](#), PhD, DVM, DABVP (Avian Practice), DECZM
Sunday, **October 27, 2019** - 3 pm EST (UTC-0:400)

Dr. Susan Orosz will present this live, interactive, webinar on the clinical perspectives of avian nutrition. How can veterinary health professionals address the nutritional needs of the companion bird in the exam room? This discussion begin with the pros and cons of dietary options for the companion bird, from seed-only diets to pellets, extruded diets, and fortified whole seed diets. The presentation will then explore the nutritional history and physical exam findings related to nutritional status, techniques for successful

conversion to a healthy diet, and unsafe foods for birds. The remainder of the seminar will focus on clinical concerns related to nutrition, including nutritional imbalances, from obesity to hypovitaminosis A, as well as nutritional management of common clinical conditions.

Strongly Recommended before attending Dr. Orosz's webinar:

View the RACE-approved LafeberVet webinar recording **Avian Nutrition Basics**. This 1-hour recording will be posted in late September.

About LafeberVet

LafeberVet is an ever-growing online library of exotic animal medicine videos, articles, client education material, forms, questionnaires, and much more. Provided by Lafeber Company, LafeberVet is for use by veterinarians, veterinary nurses, wildlife rehabilitators, students in these fields, as well as allied professionals. Access to much of LafeberVet's content is restricted however, registration is free.

About Lafeber Company

Lafeber Company was built by a father-son team of veterinarians with a shared love of animals and a special passion for birds. Dr. T.J. Lafeber developed the very first commercial bird food pellets in the back room of his veterinary clinic in the early 1970's. Today, our exotic animal diets and critical care formulas are developed by his son, Dr. Ted Lafeber, III along with top veterinarians and nutritionists.

An independent laboratory tests every diet to insure optimum pet health. Lafeber Company also consults leading experts in behavior so that our diets promote dietary enrichment.
